CHEAT SHEET

THE 11 WAVEFORMS

Every DJ should know these. Print it, pin it above your desk and learn one a day.

01

Sine
One frequency. The cleanest sound.

02

Square
Two levels. Hard edges. Buzzy.

03

Triangle
Straight lines. Soft and mellow.

04

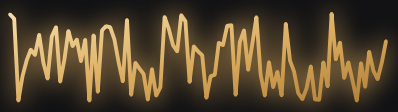

Sawtooth
Ramp and drop. Bright and thick.

05

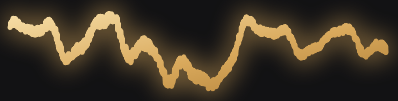

Pulse
Square with adjustable width.

06

White & Pink Noise
White is bright. Pink is balanced.

07

Complex
Real music. Many waves stacked.

08

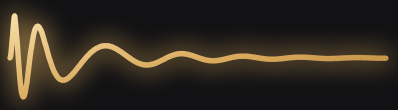

Clipped
Flat tops. Harsh. Avoid it.

09

Beat
Even peaks. Four beats per bar.

10

Kick
Tall peak, fast fade. Low end.

11

Snare & Hi-Hat
Snare on 2 and 4. Hats tick.

Waveform Lab
Full lesson on each one inside the academy.

REMEMBER

One waveform a day. Eleven days. Then you read every track faster.
